

DOUBLE K LONGHORNS

DBL-K SENAMON SWIRL

Date of Birth: 10/03/2019

Courtesy of Ross Ohlendorf

Swirl won a rifle on her first trip to town! She's well balanced, easy going, and easy on the eyes. Her dam has turned out to be a great producer for us, breeding back quickly, has a nice udder, and excellent mothering ability. These highly heritable traits are everything we strive for in a female.
